

CLIENT CASE STUDY

Client Name:

Lou *

Age:

37 Years

Country:

USA

Time Trying to Conceive (TTC):

6 Years and 10 months

Case History Summary:

- Unexplained infertility
- Endometriosis
- Polyps

Natural Treatment Summary:

Extensive tests to identify the causes of 'unexplained infertility'. Tailored dietary and lifestyle adjustments and practitioner range supplements. She had a very healthy diet and already led a very healthy lifestyle however there were still areas which were not addressed. She switched to a vegan diet as endometriosis is best managed without animal produce.

Length of Treatment:

9 Months on the program and the supplements.

Clinical Outcome:

Birth of a healthy baby girl, in her mother's words: *"very happy baby who smiles a lot and never complains"*.

* name changed to protect privacy
